AS WE SEE IT

The Village Dads have the streets all in good shape now and the ditches cleaned out ready for rain all we need now is the rain.

A rounder is a rounder and it is generally hard for a rounder to be square.

And it is to be hoped that the Village Board to be elected next Tuesday will solve the water question for Roy. Here's hoping they find the solution.

They say if you knock the first "1" out of Lawful whiskey you will have what it really is.

Did you ever stop to think that too much rest in the U. S. A. is causing a whole lot of unrest.

April fools' day is tomorrow, so is pay day. We hope they don't fool us.

Now really wouldn't married life be awful if it was as bad as most people say it is.

Too many houses to day lacks paint because the single daughters at home and the auto does not.

The hand that rocks the cradle scarcely ever pats a poodle dog.

Cash down is a fine motto but it is sure a hard one to keep up with.

More prohibition officers named, says a news item. Gee, they are getting so thick that you can not put your foot down without stepping on a few of them.

The thing that Ireland needs most at present is an Ulster that won't rip up the back.

When all girls will think of no men, then it will be the millennium.

Work on the new school building right now would give much employment to a number of people who are needing it very much.

Trips to the canyons on school days by school children is not profitable according to a report from some of the pupils.

The east side of Main Street will soon be known as Grocery Avenue as there are now four grocery stores in one block on this street.

If you have failed to visit the assessor, better do it at once as he will be in Roy only a few days more and then will start the country assessments.

The Baptist Ladies Missionary Society will meet at the home of Mrs. Frank L. Schultz on Thursday afternoon April 13th.

Mr. and Mrs. Herman Goodman of Tucumcari and old time residents of Roy will leave for Denver next Sunday and will spend several weeks in the Colorado capital enjoying a much needed rest.

The social given at Solano last Saturday evening by the Baptist Ladies Aid was well attended and a fine time reported. The admission charged was 1 cent per inch waist measurement and netted the ladies a neat little sum for their treasury. Lunch was served during the evening by the ladies.

Quite a crowd witnessed the barge fight on the streets of Roy Saturday afternoon between Henry Hefens bulldog and the Wiesdorfer badger. After a terrific tussel the bulldog begun to get the best of the badger when the boys decided to stop the fight. The badger had been penned up for several weeks and was in some what of a weakened condition, but the terrier was gritty and took plenty of punishment from the badger.

We would like to call our readers attention to the advertisements now appearing in the S. A. of the F. S. Brown Motor Co. who handles the famous Samson line of trucks, tractors and all kinds of farm machinery. There is no better line of farm machinery made than the Samson line and Mr. Brown is selling it at pre-war prices. We would suggest that the farmers investigate this line of machinery before buying your spring and summer needs.

S. E. PAXTON PURCHASES FINE HOME

A deal was consummated last Wednesday in which S. E. Paxton becomes the owner of the Roy Fitzgerald home on North Street.

The house which is a beautiful six room stucco was built two years ago by Mr. Fitzgerald and is one of the best built houses in Roy and modern thruout. The building at the time it was built cost about \$5000.00 and Mr. Fitzgerald built it for his home and in doing so used the very best material available in its construction. We did not learn the consideration involved in the transaction but it was about \$4000. Mr. Paxton also purchased considerable of the Fitzgerald furniture, all of which is practically new and has had very little usage.

They are now located in their new home, one that any person would be proud of.

The Fitzgeralds will visit relatives in Kansas for a few weeks and will later return to Roy to make their future home.

As we go to press word arrives from Rev. Cook of Las Vegas stating that he will preach twice in Roy. Sunday April second one sermon in the morning and one at night. The subject of these sermons is "Three Great Pictures."

The "Hoodoo Coon" that was shown at the Baptist Church a few weeks ago, will be shown at the Gladstone School house Saturday April 1st. The same characters will take part.

NOTICE TO OUR PATRONS:

We are pleased to pass on the word that our herd of milk cows has passed the tuberculosis test and each cow has the ear tag of the state's inspection.

As more cows are added to the herd, they also will be inspected, thereby keeping our herd free from this dreadful disease.

ONLY COOPERATION CAN DO THIS JOB

New Mexico has the machinery for intelligent direction of rehabilitation of its disabled citizens. It lacks the funds for carrying out the work with each individual case. It can cooperate. It cannot carry the load.

Even were unlimited funds available, successful rehabilitation can only be accomplished by generous community cooperation.

It is to find those cases needing rehabilitation service and to point out methods of cooperation between this department and the individuals or community interested, that we invite full information about every case wherein our services can be helpful. If you know of such a case write the details to

D. W. ROCKEY,
State Supervisor of Industrial Rehabilitation,
Department of Education,
Santa Fe, New Mexico.
